

## **Call for Paper**

### **Invited Session on AI Technology and Applications for Advanced Networking**

**Session Organizer: Prof. Lin-huang Chang**

We are organizing an invited session on AI Technology and Applications for Advanced Networking in DLT-2024, which will be held in Chaoyang University of Technology, Taiwan on May, 2024. It brings together researchers working across this field to share their experience and discuss advanced techniques. Topics of interest include, but are not limited to:

1. Artificial Intelligence (AI)
2. Distributed AI algorithms and techniques
3. Machine Learning
4. Federated Learning
5. Transfer Learning
6. Testing and validation methods on AI technology
7. Multimedia Networking QoS/QoE performance evaluation
8. 5G and wireless advanced networking
9. Technology and Applications of Ultra-Reliable Low-Latency Communication
10. Networking Security-Critical Technology

#### **Submissions:**

Prospective authors are invited to submit their full-length papers electronically through the conference website. Each paper should follow the DLT-2024 format with title, author's names, affiliation, email addresses, an up to 150-words abstract, and a two-column body with 8 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only and be mailed to: 2024dlt.cyut@gmail.com.

#### **Important Dates:**

Deadline for paper submission: March 31, 2024

Notification of acceptance: April 8, 2024

Registration: April 12, 2024

Deadline for camera-ready manuscript submission: April 19, 2024

#### **For more information please contact:**
